About

ACCI EXPO Trade Fair

ACCI EXPO Trade Fair (AETF), is the first National and International trade fair which will be held in Kabul from 1st – 2nd December 2022 at International Exhibition Centre of Afghanistan. This event is organized by Afghanistan Chamber of Commerce and Investment (ACCI) with the assistance of its partners, private sector & government's bodies. In this exhibition; traders and manufacturers from all provinces of Afghanistan as well as from foreign countries will display their products and services for seven days. AETF provides valuable opportunity for manufacturers & traders to promote & expand their products and services and connect with consumers. The purpose behind these efforts is to lift and support the domestic & international trade of Afghanistan by attracting investors, traders, manufacturers and experts from various sectors of the trading community. This will help to achieve improvements in bilateral trade, import and exports. This platform could well prove to be a decisive moment in shaping the Afghanistan trade on modern and standardized lines. This event provides market expansion opportunities to the participants from different sectors of the industry such as traders, finished & semi finish-products manufacturers, machines & equipment importers, raw material producers, suppliers, and the industry specific experts and consultants. Due to the support of private and government bodies, this exhibition is the largest and most standardized National and International exhibition in Kabul-Afghanistan and therefore domestic & foreign traders and manufacturers are more interested to participate in this event.

AETF is a major economic event in Afghanistan and with the following aims;

- Introducing and promoting domestic products of Afghanistan in order to facilitate uplifting of the Afghan domestic market.
- To familiarize Afghan traders and manufactures with new products of other countries.
- To familiarize foreign traders and manufactures with new products of Afghanistan.
- To familiarize Afghan traders with modern standards and technologies and their application.
- To facilitate access of Afghan traders and manufactures to the international markets.
- Creating new opportunities for export, import and joint ventures.
- Expanding trade relations between Afghan traders and international traders.
- To attract new customers, clients and contracts & Create job opportunities.
