Dear colleagues!

Bilateral trade relations between Turkish Republic and Russia show steady growth. In order to strengthen ties between the two countries, we have prepared a business visit for Turkish entrepreneurs to Chechen region of Russia (Groznyy town) from 26 to 27 of February 2020. After analyzing the statistics of imports of Turkey, we have identified a number of the most interesting products, the enterprises for the production of which are present in those region and manufacturers are ready for cooperation:

1. For agricultural and food distributors: sunflower seeds and oils, meat, honey.
2. For wood suppliers: Wood and woodworking products.
3. For agricultural selectors: Live animals (cows and bulls).

This visit is organized by Chechen Republic Government division as Export Support Center and Republican Business Center and **cover all needing expenses**: visa, fly tickets, hotel accommodation and transfers in all program events for 1 participant of the company. The program of the visit in attachment to this letter as a list of the manufacturers and agro-businessman which can be your potential partners. The nature of Chechen region is very clean and having a lot of natural resources. All the products was grown in organic fertilizers and most of the products have Halal certification.
